Honestly I think our city council has overstepped its Authority and I am sick and tired of our Missoula government always trying to impose on people's freedoms there's an age restriction on buying tobacco and that is enough why don't we just ban all alcoholic items that are flavored out the same time people have to know when to be responsible for their own actions the city council is not their mother or their father and does not need to step in and tell people what they can and can't do
