I am writing this email today to commend the city council on their vote to fund a study on BIPOC issues in local government. I urge the city council to stand by their convictions and decenter whiteness on the city council. You do not need a study to see the city council is entirely white. To make the most immediate impact on the BIPOC community I ask any one of you to resign and appoint a BIPOC person to your seat.
Thank you for taking this issue seriously
