---

Dear news professionals,

The City's Storm Water Utility will begin routine vegetation maintenance on the Clark Fork River levees between the Madison Street Bridge and the Russell Street Bridge beginning Monday, March 1. The project is expected to wrap up April 15, weather dependent. Intermittent closures of the North Riverfront Trail adjacent to the project are required.

Please see the attached press release for project and trail closure details. Additional information and project area maps are available on the Storm Water Utility's projects page at http://www.ci.missoula.mt.us/2673/Storm-Water-Projects.

If you would like to discuss the project, please contact Tracy Campbell, Storm Water Regulatory Compliance Manager, by phone at 830-5455 or by email at CampbellTL@ci.missoula.mt.us.

Best regards,

Lori Hart | she/her/hers| Communications Specialist
