Dear City Council,

I am a citizen who has been actively involved in learning about housing in Missoula and in solidarity with Common Good Missoula I am writing to ask you to incorporate our consensus requests into the Housing Trust Fund resolution.

I volunteer with the Housing Advocacy Network in Missoula to assist folks experiencing homelessness achieve stability and shelter. I also work with citizens returning to society from incarceration, and through both of these efforts I can see just how crucial our local housing issues are for folks with barriers.

Sincerely, Andrea Morgan
