Subject: Marijuana Ordinance Amendments

Good evening,

Thanks for a productive LUP meeting today. As I mentioned in the meeting, I'm hoping to give staff, our council colleagues, marijuana providers, and members of the public advance notification of potential amendments to the proposed marijuana zoning ordinance.

So far, I have three potential amendments from Sandra:

- Eliminating the prohibition on frosted/opaque windows,
- Omitting the buffer requirements for proximity to other dispensary uses, and
- Allowing home occupation for marijuana-related uses.

Since we must pass something by November 29 in order to have it take effect by January 1, and since we won't have meetings next week due to Thanksgiving, I'm asking for your help in limiting the

number of unexpected amendments on Monday, November 29. **Please let me know by close of business Thursday, November 18 if you have any additional potential amendments so these can be included in the meeting materials and researched by staff if necessary.**

Thanks, everyone. I appreciate your thoughtful consideration.

Best,
Jordan
