Hi Mayor Engen and City Council,

I'm sending around the new Houseless Data page that lives on the City site. There were some comments made in A&F this morning about data on houselessness. Data is a high priority for our work and we're engaged in a few projects to gather and make public more data on houselessness, one of which has come to fruition in this new Houseless Data page. We plan to update this page with current data every 6 months. We're also working with partners to add data on houselessness to the Missoula Organization of Realtors dashboards and will be sure to pass that along once it's live. Big shout out to Sam Hilliard, Reaching Home Coordinator, who's done a lot of hard on these data projects.

Please don't hesitate to reach out with any questions. Here's the link again:
