I recently read that you had released full funding for the police department. I would like you to know I'm 100% in favor of equipping our police. I also read that you had received 1000 emails insisting on defunding the police. I don't know if these people are all from Missoula or not, but everyone I know are behind supporting the police.

Thank you for your commitment to our police service,

Many Blessings,

Robert Chaney
