Hi all,

Calling FBI cyber crimes tomorrow to discuss options and report regarding this matter. It Doesn't have to be this way.

I really would rather find out what's being done to address this at the city level.

Oh well, can't say I didn't try to handle this via all other avenues first!

I'd also like a personal apology from Jim Nugent to me sent to all affected parties. It's way out of line to mention my mental health, that's completely unacceptable on Jim's part!
