Subject: Thank you for passing the Ban on Vape flavors
Date: Tuesday, November 24, 2020 10:48:27 AM

Dear Council,

I appreciate your time and energies to bring forth an ordinance that will improve the health of the youth of Missoula. Passing the ban on flavored vape is a good first step. This will allow us to evaluate the effectiveness of curbing the use of tobacco products in our teens and young adults. That information will guide us to know how much more we need to do. Thank you for this work and all you do for the city.

Sincerely,

Kathy Rogers MD
