Good morning Council Members,

I've attached the Mayor's Key Priorities for 2022 that was presented to Council as a prelude to the budget process. Child care is prioritized as an action item to implement the community safety and wellness pillar of the strategic plan.

Best regards,

Dale

1.
2. . This resolution also makes the claim that the City Strategic Plan focuses on "affordable housing, infrastructure development, and child care."

In fact, there is NO mention of child care in the Strategic Plan.
