> The Citizens right to know and participate in their Government equally and ethically has been violated pretty much throughout yours and my participation in Missoulas City and County Government, and you still remain silent, and, essentially a co conspirator, for lack of a better term. I don't understand your contradictions in what you say, and what you do and allow others to do.

>> It's Hard to swallow in one gulp but it is important. Exposing Corruption isn't a sound bite.

Mayor Engen's response to winning another term as Mayor.

"Build build build". (KPAX Missoula)

He might as well have said;

"Cover up all our debt by getting a million people crammed into our formerly unique nice valley so we can become a large metropolitan area Eligible for even more Federal Money giveaways.
Hey, we made up a million riders for Mountain Lion Bus fare less passengers and the FBI and Transportation Department and Mitch McConnell's wife didn't care.

We called a new Stadium Blighted and the SEC didn't care. Tim Fox didn't Care, County and City Attorneys didn't Care. Heck Jordan Hess works for Mountain Line and he's on the City Council and he doesn't care. Now the City Attorneys Son is on the City Council. So I can still do anything, as long as the Federal Government doesn't care about how "we roll" in Missoula and keeps sending the Money to our clique. Heck the Human Rights Bureau doesn't care what we do.

Thanks KPAX, Thanks KECI,, Thanks Jeff Bezos, Washington Post Clique, Perkins Coie, Montana Lower the Bar Lawyers Association and Univerity of Sell anything to anyone Montana Law School. But the Biggest thanks goes to the Missoulian, who we funded quite well in various Government Money Ways."

Posted on Rep Danny Tenenbaum site. It won't let me copy the link.

He posted about a car less Missoula, which might be great for Hotels Tourists, Bars and Casinos, and More homeless, and low paid waiting on the wealthy and tourists staff.

Not so great for working residents now, or in the future. But then that's not who our government is working for anymore.

Imagine a City, with Residents Dreams, that were never allowed, on an equal basis, as the New Party and a Supremacist Clique, with a long term Montana Politician and his family and relatives, as well as Relatives from Presidents past, and a strong United Nations Corrupt Cabellas (funny spell check for my idea of a "mob") came into Town.

They (the clique) Stole the City without considering Missoula "Residents" (they wouldn't even use that term. They called the "interested parties "Stakeholders".)
To form these long died out backwards old ideas of Street Cars and Trains mentioned above (in the referred to post). They (the clique)

hid the goals from the people that lived and live here.

They stole the people's wishes and desires that were embedded in Legal Zoning, by calling what they did only updates and text changes, saying a Resident Vote wasn't required).

And they were treated to hidden (kept from people who didn't know the City believed it's their fault if they (residents) don't pay attention) ideas that were covered up and promoted by the City clique, funding, enabling and supporting Casinos, Bars, Restaurants, and Even Drugs, and more of them.

All the fun stuff and no real productivity income except Services like Health Care, Tourism, Hotels, bigger airport (airport construction was exempted from Covid restrictions, as necessary), alcohol, Casinos, and Concerts. See the connections yet.

The Poverello Location was pre-determined and they held Public Meetings as they often did, designed to promote their agenda and to squash dissent. Even with that they were unsuccessful with Missoula College being put at the University of Montana Golf Course. Though they still protected their Development space at Ft Missoula which, to me, seemed to me to be their main objective.
(Note update Now November 13 2021, apparently, WGM wants a County Land Swap for Larchmount Golf Course for additional development). Too me that's continued misrepresentation by the City and County for (to me) the long time people and businesses of the corrupted clique running Missoulas County and City Government that extends from the Montana Supreme Court, former Governor Bullock, and Schweitzer, and other local and even National affiliated Lawyers, Groups and Politicians. End of Nov 13 update)

They (the clique) did the same for the State Required Cities Growth Plan Public Input. The Growth Plan Map, I received after being, along with others, thanked for our participation in Developing it, was dated 2 years prior to our meetings, wrong month, date, and year.

They (the clique), and the Missoulian (big part of the clique) even Called a resident, in their Front Page Headline, who was repeatedly trying to find answers and let the public know what the City was doing, and, more importantly, how corruptly they were doing it, a GADFLY (the term is a label of outright discrimination, meaning like a gnat or a fly of no consequence), when he only spoke the Truth in a Council Meeting Regarding lies of Member and Participants of City Government and ordinances regarding Lawyers Pay, Lies about the New Stadium (Osprey/Paddkeheads) with the help of First Interstate Bank and Missoula Federal Credit Union (now called Clearwater Credit Union). being called Blighted to get TIF Monies for the City to buy it.

Mr Dave Strohmeier, our County Commissioner, was on the City Council for the Stadium Buy.
He also is the one who initiated this Rail Authority, with the Dream your referring to.

Sadly Biden's Bill, as Federal Money was in the past, and presently, is what mostly allowed the thefts of the clique or the clan or mob or whatever the corrupted Giverment instigators should be called, and will likely fund the continuing theft from Missoula Resident residents with AlexTafts and others in the Federal Money and not the Residents Driver's Seats, in the foreseeable future.

Residents dreams are not those you describe (car less wth Street cars and trains) and they never were able to Equally participate in the Direction of their City.

If you want Documentation of the Events Described, The County Attorney has most of them as do others, in Government and elsewhere, as well as the Human Right Bureau.

Paul Bohan

PS:
Also note in last two days the Cliques recent discussion of revisiting residency requirement of Senior City Staff that the clique themselves imposed when they had a important staff vacancy.

And the lack of context, in the new proposed Water, Sewer, Storm water, combined increases which were stated separately, with no mention of condemnation acquisition, or yearly total of the increase. Or statement in past that leakage was not a big issue as it just went back into aquatifer.

Paul
