Subject: entheogenic plant substances resolution
Date: Tuesday, April 19, 2022 1:47:55 PM

Dear Missoula City Council members,

As a concerned citizen of Missoula, I am writing to urge you to support the 4/12/2022 resolution supporting entheogenic plant substances.

These substances are central to many religious practices and, for many, have physical and psychological benefits.

To continue to pursue criminal conviction for their use will harm individuals and our community.

Thank you.

Robert C. Rosen
