Happy Friday. The map is on the Tobacco Free Missoula website now, but we noticed that it's a black and white copy which isn't as easy to read as the color version. We'll get that fixed. Shannon

SANDRA:

Excellent question. I do not know. We will have to make inquiry of the city/county health department.

Thank you Jim. Will there be a map published for reference or will businesses just have to figure it out to the best of their ability?

SANDRA and JESSICA:

Historically, whenever Montana state law has identified a distance from the city limits, for such items as (1) city zoning of unzoned lands adjacent outside the city limits; (2) potential independent incorporation of a community as a city more than 3 miles from a city, (3) building code enforcement if county does not have its own building code regulations; (4) health and quarantine ordinances; (5) etc.; the distance has been interpreted and applied as a straight line radiating from the city encompassing all the geographic land area that is encompassed in that distance.

Good Morning Jim,

Jessica copied you on a previous email for the vape boundaries. I wanted to forward this one to you as well to double check if it is driving miles or crows fly miles. Thanks for the help!

Thanks so much! I found the information on the ban and I believe we are still okay to sell tobacco flavored vapes but it only says within a 5 mile radius of city limits – I can't figure out if it's birds eye view or actual driving distance. I believe Miller Creek is the closest to us birdseye.

Thanks so much for looking into this for me! Hope you have a great day as well!

Good Morning Karly,

Let me look into this and I will let you know as soon as I find out. Have a good day in the meantime.

Hi Sandra-

I am trying to get clarification on the boundaries for the vape ban and if “tobacco” or “virginia tobacco” etc are considered flavors?
We have a c-store in Lolo, Lolo Super Stop. I saw that it was originally included on the map but it is more than 5 miles outside of Missoula (8 mile drive). I just need clarification as I can not find a map anymore.

If you could shoot me and email back or give me a call on my cell, I would appreciate it. I have 6 locations to figure out.

Thank you!
