Holding the Mayor, City Council Members, and especially the City Attorney and Financial Officers accountable for lies, withholding information, and conflicts of interests. Money, families, and relations or friends, and I'll pay your back if you pay mine voting.
The City should Shut down and outside audit the MRA and all the "players" last 25 years preferably, or as many years as possible. Regarding the Stadium, Parking Lots, Disposed City Property, Easements, Streets, etc.., purchased properties, abd in and on.
Ethics in the City needs to be reviewed. Relatives, donors, Developers, Planners, Financiers, Zoning and Zoning Changes: past and present.

Deciding what the City Needs before taking Federal Grants, just because they are available. The Swamp and corruption nationwide starts there.

Investigate why the City and the Human Rights Bureau needed to lie in my human rights case, and corrupt the Process. Also, The head of the HRB in charge of overseeing resolving my case is and was related to Ms Beck, a prominent City Employee.
