Hi, my name is Paul Gasol, and I'm assuming I'm leaving a message for the City Council. I just wanted to say have been a resident of Missoula for 35 years, paying property taxes for 35 years, and I am very much in favor of the city funding the money needed to buy Marshall Area. Being someone who's paid taxes all those years and basically just worked and paid taxes and gotten some services obviously from the city, I really feel like this addition to a potential recreation in Missoula is needed badly. So I want I'm very much so in favor of you guys putting the money forward to do whatever this new piece of research is you need to do so we can start funding to buy Marshall It's the best deal out there. Thank you. Bye.
