Hello City Council members,

I am reaching out to ask you to not vote for the utility easement at Kiwanis Park. My name is Becca Erdman and it is important to me that we preserve current affordable rentals in Missoula.

This utility easement being requested is going to displace about 12 current renters of these affordable homes. This easement will also need to cut down trees at Kiwanis Park and build on park land.

Please postpone this vote until solutions to our housing crisis can be found, or vote no on this easement for the sake of keeping renters in their affordable homes.

Thank you for reading, and I hope you will support residents of Missoula.

Sincerely,

Becca Erdman
