MISSOULA NEIGHBORHOODS

Riverfront Neighborhood Council

May 14, 2018

Dear Mayor:

The Riverfront Neighborhood Council Leadership Team would like to make you aware of some concerns related to the closure of Hickory Street during baseball games and events at Ogren Field.

In general, we feel the closure of this street by a gate at sporadic times unknown to many drivers creates an inconvenient and potentially dangerous situation for residents and visitors to the area, including the Old Sawmill District, McCormick Park, Silver Park, and Ogren Field itself.

Access to this area is at either end of Wyoming Street/Cregg Lane and through the neighborhoods to the south via California Street or Hickory Street. Traffic on Orange Street and Russell Street makes left and even right turns very difficult at many times during the day, forcing the path through the neighborhoods to reach a traffic signal. There are traffic calming circles on Hickory. With the current construction on Russell Street, due to last for many months, and the proposed construction on California Street, which is badly needed, the only viable access at times could be via Hickory Street. Periodic closure of that street could lead to severe traffic congestion with dangerous results. Adding to the problem is that anyone not aware of the closure could be blocked once they reach the gate with no way to turn around.

It is our understanding that this limitation was made part of the Missoula Civic Stadium Lease and Use Agreement signed in 2012 “in order to mitigate and control the impacts of parking and traffic generated by the Civic Stadium on the neighborhood and other public facilities.” The neighborhood at that time did not include the residential units developed as part of the Old Sawmill District, and the potential impact on those units was apparently not considered. Even so, it is hard to imagine how limiting even emergency access by fire/police/ambulance to a location which could be the site of a major incident could have been considered a safe way to mitigate impacts.

It is our request that this clause be reconsidered and the agreement be amended to remove the barricade effective prior to the start of the baseball season. This request was supported by a unanimous vote at the May leadership team meeting. We would welcome the opportunity to meet with you to discuss this issue if you feel it is necessary.

Sincerely,

Riverfront Neighborhood Council Leadership Team
