Description of Work: DUPLEX/ (2311, 2313, 2315, and 2317 Foothills Drive). We plan on building a 6 ft wide by 4ft deck off each patio door in the back on each unit. Theres currently only steps there but they're blocked off because they aren't code. The decks will be roughly 6 ft off the ground level with 10 steps down from each deck to ground level. We also plan on replacing all 4 front decks and building them exactly as they are now just with new material. I've already been in contact with Brian and we got the OK to utilize the current concrete pillars like they are now and just build everything identical making sure all railing codes and other codes are met.
