Good morning, Council colleagues,

This morning, I issued the attached emergency declaration addressing unsheltered houseless residents. Attached, please find a letter to Council describing this action as well a copy of the declaration. The official declaration will be filed later today.

I appreciate all you do, and I remain committed to working through this with all of you.

Thanks, and have a great weekend.

Jordan

Hello City Council Members,

I am excited to let you all know that Long Range Planning and the Office of Neighborhoods have collaborated on a new informational document called Neighborhood Profiles to provide a snapshot of household and resident characteristics, livability indicators, and the natural and built environment that exist in each of the City's neighborhoods. This document can be used as a tool to aid in understanding neighborhood characteristics by residents, organizations, and city staff and officials.

The indicators and data points included in this report have been selected because they are often sought after by residents, and best help understand the composition and environment of Missoula Neighborhoods. We worked with various Neighborhood Leadership Teams and internal staff members to build this document.

Data has been acquired through the Community Planning, Development, & Innovation department (CPDI), Montana Department of Revenue (DOR), ESRI Business Analyst, US Census Bureau, Missoula Organization of Realtors (MOR), Missoula Invest Health, and the Missoula Metropolitan Planning Organization (MPO).

This document can be found on the Missoula Neighborhood's website here: <https://www.ci.missoula.mt.us/3197/Neighborhood-Profiles>. Here is the direct link to the full

document: <https://www.ci.missoula.mt.us/DocumentCenter/View/66350/Neighborhood-Profiles?bidId=>

This is a notification to the City Council about this new document. We are also notifying all Neighborhood Leadership Teams as well. If you have any questions, please feel free to reach out to me or Marc Hendrickson for more information.

Thanks and have a great day!
