Subject: Thanks for the response to my lashing out in regards to traffic speed on the detour on Linda Vista Blvd.

Unfortunately there needs to be more patrolling and tickets written.

I think a patrol needs to set on a side street directly across from the water park several times a day, in order for some stupid drivers to be fined and cause others to slow down.

My suggestion would be 8am, 2pm and 7pm, and vary it several times from that.

Therefore no one could speculate on the hrs they would be there.
