Subject: Chief Building Official - Cristina Coddington
Date: Wednesday, September 20, 2023 9:24:27 AM

Morning everyone,

It is my pleasure to announce that Cristina Coddington has accepted the FTE position of Chief Building Official. Effective immediately she will formally serve as the CBO. Cristina previously served as a Plans Examiner in the Building Department and most recently as the interim CBO for the last 6 months. Cristina brings numerous years of knowledge and experience in building code review and interpretation as well as a fresh perspective to building code applications in relation to customer and community services. Please extend your congratulations to her. We look forward to working with her in this critical city position.

Thank you!
Walt

Please pass on to anyone I may have missed.
