### Missoula City Zoning Rewrite!

You probably have heard by now that the City of Missoula is in the midst of rewriting its Zoning Ordinance and is very interested in the public's opinion on how they are doing.

Tom Zavitz and Laval Means of the Office of Planning and Grants (City of Missoula) will be presenting the specifics of the progress so far and how proposed changes might affect you and your home in the Lewis & Clark area.

### Important Presentation and Discussion!!!

### Heard about the Sentinel Sign?

Sentinel High School is proposing a stand-alone illuminated sign near the sidewalk and South Avenue at the front of the school. As proposed, it would be internally illuminated and contain a L.E.D. reader board on the bottom half of the sign.

Have feelings about this, one way or another? Come voice your opinion at the general meeting!
